HUSTONVILLE YOUNG MAN PASSES AWAY

CHARLES BROWN SUCCEUMS TO CONSUMPTION—MISS MARTIN WEDS JOHN LANHAM IN WEST END

Charles Brown, a prominent young man of this city, passed away Wednesday, after a short illness of tuberculosis. His parents had preceded him some years over the dark river. He was a member of the Christian church and popular with all who knew him. He was just 29 years of age. The funeral services were conducted Thursday afternoon, and he was laid to rest in the cemetery here.

Miss Marietta Martin, an attractive young woman of Charleston, was married to John Lanham a progressive young business man of Yosemite at the home of the bride Tuesday evening. Rev. K. G. Martin a brother of the bride, saying the words which made the young pair one. The bride is a daughter of Mrs. J. A. Martin and is very popular with all who know her as in the life partner she has chosen. Many friends send them congratulations. They will make their home at Yosemite.

Miss Mary North, of the West End is the hand-picked guest of her brother J. W. North in Burgin this week.

Horace Bohon, son of George Bohon the implement king of Harrodsburg, is the guest of Dr. J. T. Bohon and family.

Miss Annie Randle Dunn of Rowland Ky., is the guest of her parents here this week.

In some localities farmers are reporting wheat badly damaged by the recent freeze.

Our most efficient constable Mr. Presley Sluder, has a severe case of double pneumonia and his recovery is thought to be very doubtful.

James Lyon left last week for Springfield, Ill., where he has secured a lucrative position with a large manufacturing establishment in that city. James is a good reliable young man and is sure to make good in his new home.

Mr. George Montgomery of McKinney has bought a handsome cottage home in the Green river valley adjoining his river bottom farm. He and his family have taken possession and their happiness is complete.

The timely discovery of a burning fuse that had ignited the roof, and the able assistance of neighbors prevented the burning of the handsome home on Lyndale farm last week. That is owned by Mr. G. C. Lyon.

Mrs. Mollie McCormack has returned from a most delightful week's visit to numerous friends and relatives in Louisville.

Hanly, Bohon and Bevey Shoemaker, of Harrodsburg, commercial pilgrims motored here Saturday where they secured a good share of trade.

Two weddings in which our city will furnish the gentlemen, will take place in the near future and their names are by request withheld. Guess who?

Miss Alma, daughter of Mr. and Mrs. I. J. Terry was home over Sunday last week and returned to college at Richmond, Ky. She is delighted with her prospect there, and will graduate with high honors evidenced by the reports of the principal.

Little Cynthia the handsome little 11-year-old daughter of Mr. and Mrs. P. H. Richards is a musical prodigy with rare talent. She plays on almost any instrument but the violin being her favorite she can play any piece she ever heard.

James Sexton the well-known tobacco grower of Central Kentucky, sold his crop to the Walnut street tobacco warehouse in Danville last week at 12 1/2 cents. This seems to us to be a pretty fair price. If all our growers did this well, Easy street would soon be their home.

The present "strike" of the firemen on the Southern railroad has caused no end of trouble. Expense and annoyance along the line through this county. In the beginning the sympathy of many people leaned toward the "strikers"; but since they have resorted to dynamite and assassination, they are well high bereft of it all.

It's a pity for the village of King's Mountain that it has to be chased with Stenmas, Glen Mary and other unwhipped points on the road. There are many good old citizens in and around the place, and they should take the bit in their teeth and stop all the outlaws and devils that has been kicked up there by a lot of irresponsible parties. The iodine that now rests upon the place will not be effected in years to come. Many believe that the railroad is owned by the very rich, and the destruction and crippling of the road is easily done.

A great deal of the stock in this

road is owned by widows and orphans whose sole income is derived from the profits made by the company. Hence the jurors in our courts, and the out-law element living along the line should consider what they are doing. They are robbing the poor and not injuring the rich. General Manager Baker's statement published in all the papers puts a very different light on the cause of this dissatisfaction on the part of the firemen.

It is open—manly—and a true presentation of all the facts connected with the strike.

The adult Bible classes of the Christian church Sunday school on Friday evening from 7:30 to 10 in Alcorn's Opera House gave an elegant luncheon, interspersed with a splendid program of vocal and instrumental music, debates, recitations, etc.

Having decided to go west I will sell my splendid 74 acre farm with good improvements, in fine community, close to church, store, and school in the famous Green river valley, 65 acres river bottom, and nine acres in woodland. A splendid three room cottage. Good large barn and other outbuildings, well watered and on rural route. Price \$27.50 per acre, and terms reasonable. Address at once, Big bargain Box 182 Hustonville, Ky.

The splendid new building now being erected at Elvir Springs will be completed and furnished and ready for occupancy by May 1st. Other buildings are being put in strictly up-to-date condition and the opening event on May 1st will eclipse all former efforts, and this same attention and service will continue throughout the summer season.

Many of our farmers are taking advantage of this fine weather and plowing is being vigorously pushed and earlier planting than usual will follow.

The county school superintendent should by all means offer a reward for the arrest and conviction of the parties that pry off the shutters and break the window sash, and glass out of the Harrodsburg school house and the Smith school house on Jumbo road every year after school closes.

There will be no preaching at the Presbyterian church next Sunday March 26th as the pastor is to fill the pulpit at Burnside that day. Sunday school however will be held at usual time and place.

Mrs. Elmore came home with them as she has regained her health the authorities pronouncing her cured. The condition of Mr. Elmore remains about the same, no improvement noted.

A small barn belonging to W. D. Elmore, containing some tobacco, farm tools and etc., was consumed by fire last Friday night. The crop of tobacco was partially covered by fire insurance. No clue as to the probable cause of the blaze.

Miss Annie Bartlett, of Griffin Station, has been with her grandmother Mrs. Dan Anderson, near Otterhelm. Mrs. Anderson has been quite sick.

Mrs. Elchard Williams entertained in honor of her uncle and cousin, John and Oliver Carpenter, respectively, of Red Rock Oklahoms. All present enjoyed the occasion.

Looks Mighty Like The Next State Treasurer.

HON. THOMAS S. RHEA, OF LOGAN COUNTY.

The above cut does not do full justice to the good looks of Hon. Thomas S. Rhea, of Logan county, who has just announced his candidacy for the Democratic nomination for State Treasurer, subject to the primary which will be held July 1st. Mr. Rhea for years has been prominent in the councils of the party, and the rank and file in his part of the state swear by him. He has an unimpeachable record as a democrat and as a citizen, and will add great strength to the ticket, if he is nominated. The state needs clean, high-class men such as Tom Rhea at the head of its affairs, and democrats who stand for better things for the party and the state will recognize that they must pick men like him to win and hold the confidence of the people. Mr. Rhea was sheriff of his county, and has held other local positions of responsibility and honor.

Embury went out Maywood way looking for the man who is suspected for shooting the Cincinnati Southern guard Spatch Tuesday night. The officers are said to have strong evidence against a man in that section, who was not arrested, however, as it is said the man who was visited has a strong alibi. A boy from Junction City who claims to have seen a man running with a 22 rifle was brought along to identify the man. None of the officers would say whether he did so or not, but it is expected that an arrest will be made in the case.

Many a Stanford Reader Will Be Interested.

When people read about the cures made by a medicine endorsed from far away, it is surprising that they wonder if the statements are true? But when they read of cases right here at home positive proof is with in their reach, for close investigation is an easy matter. Read Stanford endorsement of Doan's Kidney Pills.

Dawson Brunette, Rowland St., Stanford, Ky., says: "Some time ago I had a severe fall and this, together with the jarring to which I am a subject in my work, brought on kidney trouble. For several days I could hardly get about on account of the pains in my back. I also noticed that the passages of the kidney secretions were very irregular, especially at night. I decided to cure this trouble before it became chronic and I knew that Doan's Kidney Pills were good for such complaints. I procured a box at Shugart and Tanner's Drug Store. Before I had finished the contents, I was entirely cured and I have had no kidney trouble since."

For sale by all dealers. Price 50c. Foster-McMurray Co., Buffalo, New York sole agents for the United States. Remember the name—Doan's—and take no other.

Prof. Hamlett is a clean-cut, high-class, progressive young educator, a fit exemplar of those who are bringing the old state to the front in educational affairs, and will be the right man in the right place if the democrats nominate him. He will undoubtedly carry Lincoln county by a large majority.

Members of the high school baseball squad are practicing every day for the opening of the season, which will be Saturday April 1st against Lancaster. A bunch of former bell players of Stanford will go out Friday afternoon and give the "Colts" some practice. The Old Timers say they will not defeat the youngsters too badly to take the spirit out of them but will show them base ball as she was played in the good old days in Stanford.

RAILROAD GUARD IS ASSASSINATED

STRIKE SYMPATHIZERS RESORT TO FEARFUL CRIME IN BOYLE COUNTY TUESDAY NIGHT

Oscar Spaeth, of Chicago, was shot from ambush and instantly killed Tuesday afternoon one mile north of Junction City, while acting as guard on a Queen & Crescent freight locomotive. The shooting was presumably the work of sympathizers with the striking white firemen.

The train which Spaeth was riding stopped for water, and it is thought the hidden assailant mistook the detective for a white strikebreaker.

The latter crouched at the side of the engine and was badly burned by escaping steam. Two shots were fired, one of which penetrated Spaeth's neck. Death was instantaneous.

The engineer Thomas Swenson, and the fireman strikebreaker, Thomas Szafron, of Chicago, placed the corpse on the engine and uncoupling from the freight, ran at full speed to Danville.

All of the firemen who left Danville have been given revolvers by agent of the company. Sheriff B. G. Fox of Boyle county, left Danville immediately for the scene taking several deputies, in an effort to arrest the murderer.

Bloodhounds were taken to the scene and it is said that they immediately found a trail and twice followed it a considerable distance in a certain direction. Some arrests are hourly expected to be made in the case.

HON. CHARLES A. HARDIN LOSES WATCH AT BANQUET

Commonwealth's Attorney Charles A. Hardin is mourning the loss of a fine Howard watch, which he left lying at his place at the table at the Pythian banquet last Friday night. He had open at his plate while he spoke and forgot to pick it up when he concluded and shortly after leaving the opera house missed it and went back for it, but was gone, and so far has not been located.

Mr. Hardin regretted very much to lose the valuable timepiece for few are considered better than the Howard. Chief of Police B. D. Carter has taken up the matter of the watch's mysterious disappearance and believes that he will soon have the guilty party, who is thought to be one of the colored waiters, located.

The Cincinnati, New Orleans & Texas Pacific Ry. Co.

NOTICE

Cincinnati, Ohio, March 16, 1911.

To the Public:

The Management of The Cincinnati, New Orleans and Texas Pacific Railway Company believes that the public should be advised of the reasons for the present difficulty with the white firemen who left the service of the Company on March 9, 1911.

The railroad is divided into three operating districts.

The Third District is the one between Chattanooga, Tenn., and Oakdale, Tenn., a distance of 84 miles.

In 1904, before the present Management had charge of the operation of The Cincinnati, New Orleans and Texas Pacific Railway, it was not possible to secure enough white firemen to operate trains between Chattanooga and Oakdale.

Because of the inability to secure the required number of white firemen, the Company was forced to employ negroes as firemen and has had negroes in service constantly as firemen since 1904 on that part of the line between Chattanooga and Oakdale.

The agreement between the Management of The Cincinnati, New Orleans and Texas Pacific Railway Company and the firemen applies to all firemen.

The Committee representing the white firemen demanded that The Cincinnati, New Orleans and Texas Pacific Railway Company should, within 90 days, discharge from the position as firemen all colored men so employed and to agree that hereafter no negroes shall be employed as firemen.

The Company declined to grant this demand, and, thereupon, the committee representing the white firemen gave notice of their purpose to leave the service of the Company.

The committee gave this notice to take effect in less than twenty-four hours—in conflict with Article 45 of the agreement dated July 1, 1910, which provides that 30 days' written notice shall be given of any purpose to revise or abrogate the agreement.

The Management of The Cincinnati, New Orleans and Texas Pacific Railway Company immediately filed protest against this action, but, although an investigation was promised, no final answer has been given by the committee representing the firemen or by the officers of the firemen's organization.

The Erdman Act provides for mediation between a railroad and its employees, and at the last conference, on March 9th, before the strike order took effect, the committee representing the firemen was urged to consent to mediation.

This was declined, but, as the law provides that either party may make application to the mediators, a telegram was at once sent by the railroad company to Judge Martin A. Knapp, (appointed by President Taft as one of the Board of Mediation, Washington, D. C.), requesting him to immediately use his good offices with the firemen to bring about mediation.

Although the Management of The Cincinnati, New Orleans and Texas Pacific Railway Company has been always willing to accept the services of Judge Knapp as mediator the officers of the firemen's organization and the committee representing the firemen have declined to accept his services.

The Cincinnati, New Orleans and Texas Pacific Railway Company has at all times faithfully carried out the provisions of the contract between the Company and the firemen.

Negroes are not employed as locomotive engineers, and the Company will not promote or employ negroes as engineers.

When the white firemen left the service of the Company on March 9th, on less than twenty-four hours notice, it became necessary for the Company to obtain such firemen as could be obtained to move the passenger and freight trains and to meet the needs of the public.

The Cincinnati, New Orleans and Texas Pacific Railway Company has always endeavored to give good service to its patrons and to meet in every way as a common carrier the needs of the public. It is recognized throughout the entire country as a high class railroad, and the Management will appreciate any assistance which can be rendered by the citizens in sections through which The Cincinnati, New Orleans and Texas Pacific Railway runs in restoring the former satisfactory service.

This statement of the situation is made so that all persons interested and the public generally may know the actual conditions.

FOR THE PEOPLE.

The California legislature passed a bill for the initiative referendum which received Gov. Johnson's signature and it will become a law after sixty days. The bill provides for recall elections for elective municipal officers at any time after they have held office four months, upon petition of twenty-five per cent of the registered voters of the town. The officer against whom the recall is directed is made a candidate for reelection unless he states otherwise. Municipal legislation may be initiated upon petition of twenty-five per cent of the registered voters, and unless the governing body passes the proposed legislation, it shall be submitted at a special election within thirty days if the petition carries signatures of only ten per cent of the voters it shall be submitted at the next regular municipal election unless, meanwhile, it is passed by the governing body.

Boosters were at Danville Monday from Lancaster for the big fair which will be held this year in that bustling little burg. Col. I. M. Dunn was also announcing that Danville will have one of the best fairs in its history. There seems to be no desire on the part of any one in Lincoln to promote another Stanford fair, so Lincolnites will take it out in attending the Danville and Lancaster fairs, again this year.

Low Brown, a transplanted Kentucky editor has bought a \$1,200 motor boat, at St. Petersburg, Florida, where he runs a money-making daily. Next thing we hear of, Ed Walton will be flying around amongst the orange groves in a high priced automobile, while we poor Kentucky scribbles are standing at the door with a club in hand, trying to fight the wolves away.

Some of the professional politicians have persuaded Judge Reed, of Paducah, to get into the governor's race. He'll wish he had told them to "get behind me, Satan," when the vote is counted.

PERRYVILLE

Farmers are busy in this part of the Blue Grass plowing and preparing to make their crops.

Willis Broyles bought of Pope Williams a house and lot on Main street for \$3,400, and Len Penny bought the Foster property and will erect a new residence.

Claude Minor sold to Jas. Powell one vacant lot in south Perryville for \$335. George M. Harmon bought of Mrs. Uriah Myers at Mitchellsburg her farm consisting of 28 acres for \$3,200. He also purchased a stock of goods from same party.

Thomas Witham is preparing to erect a handsome residence on the Mitchellsburg pike, near town.

This place is improving rapidly and there is quite a demand for building lots.

Charles Kern went to Wilmore last week. He bought five horses and sold four while there.

J. B. Lester sold to Jas. Whitehouse, of Danville, 35 head of sheep at \$7.

Rev. Stafford filled his appointment at the Christian church Sunday morning and evening.

The Famous Rayo

Is the Lamp of Real Beauty

because it gives the best light of all lamps. The Rayo gives a white, soft, mellow, diffused light—easy on the eye because it cannot flicker. You can use your eyes as long as you wish under the Rayo light without strain.

The Rayo Lamp is low-priced, and even though you pay \$5, \$10 or \$20 for other lamps, you may get more expensive decorations but you cannot get a better light than the low-priced Rayo gives. A strong, durable shade-holder holds the shade on firm and true. This season's new burner adds strength and appearance.

There is more Calumet in this section of the country than you are supposed to be aware of. For a great many years doctors pronounced it a local disease and regarded local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Calumet to be a constitutional disease and therefore requires constitutional treatment. It is Calumet cure, manufactured by J. J. Cheney 3 to 5, Toledo, Ohio, is the only Calumet cure on the market. It is taken internally in doses from 10 drops (for children) to 15 drops (for adults) three or four times a day. Free for Stomach and Bowels

We are in receipt of letters from Mrs. Eva Gaskins, 304 Madison St., Topeka, Kans., and Mr. P. H. Gavelas, Wagoner, Okla., as well as many others, telling about the wonderful results they have secured in the cure of their stomach and liver troubles by the use of Dr. Caldwell's Syrup Pepsin.

This remedy, as all readers doubtless know, has been before the public for a generation and is now being more extensively used than any other remedy for stomach, liver and bowel complaints. According to reliable testimony, it seems to be a very quick and lasting cure for constipation, indigestion and dyspepsia, liver trouble, biliousness, headaches, sour stomach, gas on the stomach, drowsiness after eating and similar disorders. It is of liquid with tonic effect, and so mild and gentle in action that a child as well as a grown person can take it. In fact, it has no equal for children, women and old people.

It arouses the flow of gastric juice, and by a peculiar action trains the stomach and bowel muscles to again do their work naturally, and in time medicine of all kinds can be dispensed with. A free sample bottle can be had for trial by sending your address to the doctor for it. This way Mrs. Gaskins, Mr. Gavelas and many others first learned of the cure. Later, when satisfied it is the remedy you need, do as others are doing and buy it of your druggist at fifty cents and one dollar a bottle.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give this reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. B. Caldwell, 261 Caldwell building, Monticello, Ill.

THE WARFIELD

Trials 2:24 Trotting. Dark Bay Stallion, 16 hands; foaled August 1901, bred at Village Farm, East Aurora, N. Y. First dam Naughty Girl by Rex American 23200, 4-year-old record 2:11 1/4, sire of Battletown, 4 yr. record 2:07 3/4, American Belle 3 yr. record 2:12 1/4 and 18 others in 2:30 list; a son of Onward 1411, record 2:25 1/4, sire of Onward Silver 2:05 1/4 and 170 others in the 2:30 list. Onward was sired by George Wilkes 519.

Second dam Duenna, sired by Stamford King 1275, sire of 75 including Lady of the Manor 2:04 1/4, Lord Derby 2:05 3/4, Heir at Law 2:05 3/4, 8 others in 2:10.

3rd dam Dotlet, by Nutwood 600, the sire of 14 in the list.

4th dam, Topaz by Strathmore, 400, sire 90 in the list.

5th dam, Millard, by Albion, 6th dam, Ned by Edwin Forest, 7th dam Lady Turner by Mambrino Chief II.

The Warfield was bred to only 15 acres. He has 12 foals all up-headed plenty of style, size and substance and plenty of speed. The Warfield is a representative stallion in all the term implies. To say that he has size, substance and speed only in part emphasize the qualities combined in this son of Dare Devil. He has them and they are such symmetrical characters as to make him a stallion among many. His head and neck, body, feet and legs are perfect and when seen in connection with his faultless gait and great beauty are especially impressive. You should see this horse before breeding. You will say you never looked at a better one.

The Warfield is the only stallion that has 7 dams in the great brood mare list. He has two Mambrino King crosses, two Mambrino Patchen, two Mambrino Chief, one Chimes on Onward, one George Wilkes, one Electioneer, one Nutwood, one Strathmore, more trotting crosses than any stallion alive.

The Warfield is by Dare Devil, 2485, record 2:09. He by Mambrino King 1270 he by Mambrino Patchen, 58 he by Mambrino Chief II. Dam Mercedes, by Chimes 5248, by Electioneer 125.

Dare Devil is a great winner. He won the championship at National Horse Show in 1898, class 4; first National Horse Show 1898, class 2; first National Horse Show 1899, class 10; championship National Horse Show 1900, class 2; first National Horse Show 1900, class 3; first National Horse Show 1900, class 10; first Boston Horse Show 1902, class 1; reserve Boston Horse Show 1902, class 3; second Boston Horse Show 1903, class 2; reserve Boston Horse Show 1903, class 1; third Boston Horse Show 1903, class 7. At Midway the McElrayer distillery, which is now in operation, has a daily output of nine tons of dried brewers' grain, which is being put into 100 pound bags and shipped across the waters, where it is being fed to cattle by Denmark dairymen who ship their product, especially butter, to the London market, where it is disposed of at a wholesale price no better than that obtained by Kentucky dairymen. If this dried brewers' grain is good for a Denmark dairy cow, why is it not good for a Kentucky dairy cow, there by saving the cost of shipment for thousands of miles, which is, of necessity, part of the profits of the business?—Lexington Herald.

The Human Heart

The heart is a wonderful double pump, through the action of which the blood stream is kept sweeping round and round through the body at the rate of seven miles an hour. Remember this, that our bodies will not stand the strain of over-work without good, pure blood any more than the engine can run smoothly without oil. After many years of study in the active practice of medicine, Dr. R. V. Pierce found that when the stomach was out of order, the blood impure and there were symptoms of general breakdown, a tonic made of the glyceric extract of certain roots was the best corrective. This he called

Dr. Pierce's Golden Medical Discovery

Being made without alcohol, this "Medical Discovery" helps the stomach to assimilate the food, thereby curing dyspepsia. It is especially adapted to diseases attended with excessive tissue waste, notably in convalescence from various fevers, for this blood tonic and those who are always "catching cold." Dr. Pierce's Common Sense Medical Adviser is sent on receipt of 31 cent stamp for the French cloth-bound book of 1000 pages. Address Dr. R. V. Pierce, No. 663 Main Street, Buffalo, N. Y.
